above mentioned address

The offers shall be submitted to:

above mentioned address

I.4) Type of contracting authority

Other type

I.5) Main activity

Others

Section II Object of the contract

II.1 Object of procurement

II.1.1 Title:

Greenhouse gases monitor – photoacoustic methodReference number attributed to the dossier by the contracting authority: A01

II.1.2 CPV code:

38432100-3 Gas analyzers (Rev.2)

II.1.3 Type of contract:

SupplyPurchase

II.1.4 Short description of the contract or purchase(s)

The Greenhouse gases monitor–photoacoustic method, subject of the contract, is a portable equipment capable of simultaneous monitoring/measuring of up to five component gases.

II.1.5) Total estimated value:

Estimated value, excluding VAT: 35,000 ; Currency: EUR

II.1.6) Division into lots:

No

II.2 Description

II.2.2 Secondary CPV codes

II.2.3 Delivery place

NUTS code: RO223 Constanta

Main delivery place:

NRDI GeoEcoMar, Constanta branch, Mamaia Blvd., 304, Constanta, Romania

II.2.4 Description of the public procurement

(type and quantity of works, goods and services or a mention of needs or requirements)

Greenhouse gases monitor–photoacoustic method - 1 pc.

II.2.5 Award criteria

Lowest price

II.2.7 Duration of contract

Duration in months: - Duration in days: 30

Contract is renewed: No

II.2.10 Information on variants

Variants will be accepted: No

No

Section III Legal, economic, financial and technical information

III.1) CONDITIONS FOR PARTICIPATION:

III.1.1.a) Personal situation of tenderer or candidate

Information and formalities necessary for evaluating if requirements are met:

The supporting documents proving the fulfillment of the undertaken by completing the DUAE are to be submitted, at the request of the contracting authority, only by the first ranked bidder, in the interim ranking made at the completion of the tender evaluation, as follows:

- a) certificates proving the lack of overdue debts related to the payment of taxes, duties or contributions to the consolidated general budget (local budget, state budget, etc.) at the moment of presentation;
- b) criminal record of the economic operator and of the members of the administrative, management or supervisory body of the economic operator, or of those who have the power of representation, decision or control within the economic operator;
- c) where appropriate, documents demonstrating that the economic operator may benefit from the derogations provided for in art. 166 par. (2), art. 167 par. (2), art. 171 of the Law no. 98/2016 on public procurement;
- d) conflict of Interest Declaration for the tenderer / candidate / the associated tenderer / the subcontractor / the supporting party "- Statement regarding the failure to comply with the provisions of Article 60 of the Law no.98 / 2016 – Form 1

Persons holding decision-making positions in the contracting authority regarding the organization, performance and completion of the awarding procedure:

Adrian Stanica - General Manager, Ana Olteanu - Economic Director, Dan Vasiliu – Project responsible, Balan Sorin - Technical Responsible, Florentina Gheorghita-Legal Advisor, Gianina Rachita-Procurement Office.

The tenderers, third parties and subcontractors shall not be in the situations provided for in Articles 164, 165, 167 of Law No. 98 / 2016.

The way in which the requirement can be demonstrated: the economic operators (including associations/ subcontractors/ third parties) participating in the award procedure will complete information related to their situation. The supporting documents proving the compliance with requirements undertaken by completing DUAE will be submitted, at the request of

the contracting authority, only by the first ranked bidder, in the intermediate ranking drawn up at the completion of the evaluation of the tenders.

The failure of DUAE with the offer (including associate / third party) raises rejection as unacceptable

The failure to submit with the offer, the firm commitment of the third party showing the actual manner in which its support or, as the case may be, the subcontracting agreement and / or the association agreement will materialize, can be a reason for requesting clarification of any inaccurate related to the information contained in the DUAE sections of both the tenderer and the subcontractor / third party.

III.1.1.b Capacity regarding the development of professional activity

Information and formalities necessary for evaluating if requirements are met:

Completion of DUAE by economic operators participating in the award procedure with information related to their situation.

The supporting documents proving the compliance with requirements undertaken by completing DUAE, respectively the registration certificate issued by the Register of Commerce Office, shall be submitted, at the request of the contracting authority, only by the first ranked tenderer in the intermediate ranking drawn up at the completion of the evaluation of the tenders.

The economic operators submitting a tender must prove a form of registration under the law of the country of residence, thus showing that they are legally constituted, are not in any of the situations of cancellation of the establishment and have the professional capacity to perform the activities which are the object of the contract.

The tenderers will complete all DUAE editable format fields requested by the contracting authority. The economic operators will submit mandatory DUAE with the SEAP offer, signed with an extended electronic signature based on a qualified certificate, issued by an accredited certification service provider.

III.1.2) Financial and economic capacity

III.1.3.a) Technical and/or professional capacity

Information and/or minimal level (s) necessary for estimating if the aforementioned requirements are met:

The list of the main deliveries of similar products in the last 3 years, containing contract values, delivery periods, beneficiaries (regardless of they were contracting authorities or private clients, showing that the tenderer has delivered one or more similar products, whose aggregate value was at least 35,000 euros (excluding VAT).

For the calculation of the equivalence, the average annual lei / foreign exchange rate communicated by the National Bank of Romania will be applied for each year.

The provision of similar products is confirmed by the presentation of certificates / documents issued or countersigned by an authority or by the beneficiary customer.

Accomplishment modality:

Completion of DUAE by economic operators participating in the award procedure with information related to their situation.

The supporting documents proving the fulfillment of the undertaken by completing the DUAE, respectively relevant parts of the contracts or recommendations or certificates or minutes or other documents. These are to be submitted, at the request of the contracting authority, only by the first ranked tenderer in the intermediate ranking drawn up at the completion of the evaluation of the tenders.

Information on the number and periods of the contracts invoked as similar experience, the contracts' values, the beneficiaries, the date and the number of the reception document, as well as the weight and / or the activities for which he / she was responsible shall be completed in DUAE.

Information and/or minimal level (s) necessary for estimating if the aforementioned requirements are met:

Information on subcontractors

Accomplishment modality:

The bidders will submit the subcontracting agreement, together with the offer and DUAE, by the deadline for submitting bids.

The subcontractors shall complete DUAE with required information. The supporting documents, namely the Subcontracting Agreement and related documents, indicated in the Subcontracting Agreement, showing the actual manner by which the subcontractor will ensure the fulfillment of the assumed obligations, will be submitted, at the request of the contracting authority, only by the first ranked tenderer in the intermediate ranking drawn up at the completion of the evaluation of the tenders.

There will be a separate DUAE form for each of the subcontractors concerned, duly completed and signed by each of them.

Subcontractors will specify in DUAE the information related to the qualification criteria they fulfill, by mentioning the number and date of the subcontract / subcontracting agreement for the part proposed for subcontracting.

If a subcontractor will not meet a qualification requirement, then he will present DUAE only for the purpose of demonstrating non-compliance with the grounds for exclusion.

The supporting documents proving the fulfillment of the undertaken by completing the DUAE will be submitted, at the request of the contracting authority, only by the first ranked tenderer in the intermediate ranking drawn up at the completion of the evaluation of the tenders.

III.1.3.b) Quality assurance and environmental protection standards

III.1.5) Information on reserved contracts:

No

III.1.6) Deposits and guarantees required:

III.1.6.a) Tender guarantee:

The bidder must provide the tender guarantee for the amount of EUR 350.

Validity: 30 days from the date stated for receipt the offers.

Leu / foreign currency equivalent will be made at the National Bank of Romania exchange rate from the date of publication of the participation announcement.

Tender guarantee is established by bank transfer to the account of NRD GeoEcoMar, IBAN code RO56 BRDE 426S V159 7588 4450 BRD SECTOR 2 or

a guarantee instrument issued, under the law, by a bank or an insurance company. The guarantee instrument must include the provisions of art. 36 par. 1, 2, 3, 4, 5 and 7 and Art. 37 paragraph 1) of the Decision no. 395/2016 for the approval of the Methodological Norms for the application of the provisions related to the award of the public procurement contract to the framework agreement of Law 98/2016 on public procurement.

Proof of participation guarantee, regardless of how is established, will be submitted in SEAP to the date and time for submission of bids, scanned and signed with electronic signature.

The guarantee instrument must expressly provide that the payment of the participation guarantee will be executed unconditionally, at the first request of the beneficiary, on the basis of his/her statement regarding the guilt of the guarantor.

The guarantee of participation shall be returned or retained, as the case may be, according to art. 37 and 38 of the Decision no. 395 / 2016.

III.1.6.b) : Performance guarantee:

Performance guarantee shall be established no later than 5 working days from the date of signing contract by parties.

The performance guarantee represents 10% of the contact value, excluding VAT. The performance guarantee is established by bank transfer or guarantee instrument issued by a bank or an insurance company, which becomes annex to the contract according to the art 36, paragraph 3, 4, and 5 of the Decision no. 395 / 2016.

III.1.8) Legal form to be taken by the group of economic operators to whom the contract is to be awarded:

Association according to art. 53. of the Law no. 98/2016 on public procurement.

IV.1.1 Type of procedure and modality of proceeding:

IV.1.1.a) Modality of proceeding of the award procedure:

Online

IV.1.1.b) Type of procedure

Simplified procedure

One stage

Without

negotiation

IV.1.3 Information on a framework agreement or a dynamic purchasing system:

Tenders must be submitted for: Public procurement contract:

IV.1.6 Information on electronic auction

An electronic auction will be organized: Yes

Additional information on the electronic auction: -

IV.1.8 Information on the Public Procurement Agreement (AAP)

The purchase is subject to the Public Procurement Agreement: No

IV.2 Administrative information

IV.2.4 Language(s) in which tenders or requests to participate may be drawn up

Romanian, English

The currency in which the price offer is expressed: EUR

IV.2.6 Minimum time frame during which the tenderer must maintain the tender (from the date stated for receipt of tender)

1 month

IV.4 Presentation of the offer

IV.4.1 Technical offer

The technical proposal will be firm and binding in terms of content throughout the period of validity of the tender established by the contracting authority.

The tenderer will elaborate the technical proposal so that it fully complies with the requirements set out in the Tender Book, ensuring the possibility of verifying the correspondence of the technical proposal with the specifications given in the Tender Book.

The technical proposal will include a detailed description of how to meet the technical specifications set out in the Tender Book.

IV.4.2 Financial offer

The financial proposal shall include:

The unit price and total value for: Greenhouse Gas Monitor – Photoacoustic method - 1 piece will be expressed in EUR, (excluding VAT).

The total price in the offer will be expressed in EUR (excluding VAT), with a maximum of two decimal places.

The prices will include all taxes due, according to the legislation in force.

The offer will be presented according to the Form 2.

IV.4.3 Offer presentation

DUAЕ can be accessed by the economic operators interesting in at: <https://ec.europa.eu/growth/toolsdatabases/esp/efilter>.

The economic operators will submit the offer and DUAЕ only in electronic form and no later the date and time set out in the tender notice, as deadline for submission the offers.

These documents will be signed with an extended electronic signature, based on a qualified certificate issued by a certification service accredited provider and uploaded to SEAP, only by the registered economic operators.

The tenderer shall prepare the offer in accordance with the provisions of the awarding documentation and indicate, in its contents, the information in the technical proposal and/or the financial proposal that is confidential, classified or protected by an intellectual property right under the applicable law.

The economic operator shall submit the offer and answers to the clarification requested only electronically when participating in an award procedure that takes place through SEAP.

The contracting authority has the right to request any special-purpose document, in original form, whose validity is subject to presentation in this form.

Note: In the event that there are uncertainties or uncertainties regarding certain documents submitted, the contracting authority reserves the right to request additional details, clarifications or confirmations both from the tenderer concerned and from the competent authorities which may provide information in this respect.

The proof of tender guarantee establishment, scanned and signed with an extended electronic signature, based on a qualified certificate issued by a certification service accredited provider, will be uploaded to SEAP, no later the date and time set out in the tender notice, as deadline for submission the offer.

In the case of the issuance of the tender guarantee by an insurance bank/insurance company abroad, the guarantee instrument shall be drafted in a form equivalent to a generally accepted Romanian model, accompanied by the authorized translation into Romanian.

The following documents will also be submitted:

1. The description containing the index of the submitted documents, specifying the number of the page where each document is found;
2. Legal empowerment - signed by the legal representative or other equivalent legal document, if the bidder is someone other than the company's legal representative;
3. Statement regarding the acceptance of the contractual clauses mentioned in the contract attached to the awarding documentation or the contract model, with the mention "We have read and agree to the terms and conditions stipulated in the Contract Model "in the awarding documentation and we agree that, in the case in which our offer is established as winning, to sign the contract in accordance with the provisions of the Awarding Documentation".

The economic operator is solely responsible for submitting the offer.

The economic operator does not have the right to withdraw or modify its offer after the expiry of the deadline set for the submission of tenders. In this case he will be subject to the exclusion from the awarding procedure.

The offer is binding, as content, for the entire period of validity set by the contracting authority and assumed by the bidder.

The price is encrypted, and the documents containing price elements are signaled accordingly.

The documents mentioned above, namely the files to be uploaded in SEAP by the bidder, will be signed with the extended electronic signature of the legal/empowered representative of the economic operator, depending on his quality - associate/third party/subcontractor.

Section VI Additional information

VI.1 The contract is recurrent

No

VI.2 Information on electronic workflows

Electronic ordering system will be used: No

E-invoicing will be accepted: No

Electronic payments will be used: No

VI.3 Additional information

DUAE can be accessed by the economic operators interesting in at: <https://ec.europa.eu/growth/toolsdatabases/espd/filter>.

Concerning on clarifications:

The clarification requests will be addressed in Romanian or English, through the SEAP, at "Questions" section of the award procedure conducted by electronic means, and the answers will be published in Romanian, in SEAP at "Documentation, clarifications and decisions" section, within the notice of participation.

In order to submit clarification, the economic operators must register in SEAP (www.e-licitatie.ro): - as an economic operator and as a participant in the award procedure.

The evaluation committee will forward the clarification requests regarding the tender, in Romanian or English, by using the technical facilities available in SEAP (Section "Questions"). The economic operators will send the answers to the clarifications and submit electronically possible documents requested during the evaluation of the offers through SEAP (Section "Questions"), in the section corresponding to the respective request, in the form of one or more separate documents / files electronically signed according to the provisions of Law no. 455/2001 on electronic signature.

All the documents related to the award procedure, submitted by the bidders (offer, requests for clarification, answers to the clarification requests) will be drafted in Romanian or English.

All requirements are required.

Deadline for sending the response to clarifications is according to art. 160 and 161 of Law no. 98/2016.

Tenderers of nationality other than Romanian, will submit the documents in English.

If two or more offers with equal price, will be on the first place in the ranking of the offers, the tenderers will be requested for new financial offers. The request will only be addressed to tenderers offering the same price, as declared admissible. The lowest price bid is declared winner.
